

PROJECT WISH LIST

Items on this wish list are required to enable Hilary to cross the start line and complete her journey around Britain.

Many items have already been kindly donated or provided to us, or cash has been provided to enable us to procure products and services.

Items highlighted in blue have already been provided to us but there are many critical items we still require - these are highlighted in red.

We are extremely grateful to everybody who has supported us so far and we sincerely hope that there will be others who can help us procure the items we still need.

Other than services or cash, items can be lent to us for the duration of the project and will be returned to the provider when we are finished.

The donation of cash, products, and/or services may enable you to gain promotional opportunities by having your image aligned to the project's branding profile.

If you are able to help with any items on this wish list, please contact our Project Director, Tony Leppard: tony@hilarylister.com
